Dear Parents and Guardians,

**Principals and PYP Coordinator attending PYP professional development training**

Last week as part of the school authorization process to become an International Baccalaureate School, the School Leadership Team: Jenny Deeble, Trevor Robinson and I, and also the Primary Years Program (PYP) Coordinator, Noel Carter, attended professional development training in Hong Kong. It proved to be a very worthwhile experience, as it focussed on pedagogical leadership and provided an opportunity to share experiences with school leadership teams from around South East Asia and Australia. We came away from the experience with a strengthened belief that the decision for Wales Street to become a PYP school was the correct one and with a deeper resolve to implement this program and to raise the international awareness of our students and school community. I would like to take this opportunity to thank Jason Sergi for taking over leadership of the school in our absence. Thanks also to the staff for assisting him.

**Parent Teacher Information Exchange and Prep Information Night**

This week school has been a very busy one with a Prep Parent Information Night on Tuesday and a Teacher Information Exchange for Grade 1 - 6 on Wednesday 27th February. Both events were very successful and the feedback I have received from parents is very positive about holding all the Exchange Meetings in the Clyde Street Building. It certainly made it far more convenient for parents to transition between meetings and also to keep to time so parents were not experiencing lengthy ‘waits’.

**School Fete Saturday 23rd March**

A reminder to all parents about the upcoming Fete on Saturday 23rd March. The FETE Committee is working extremely hard and meeting every Tuesday at 8pm until the fete is held. I encourage all of the Wales Street community to get behind their efforts to make this a truly successful and enjoyable event. This year our fundraising efforts will go towards further implementation of our school Master plan and more importantly the FINAL payment for our playground equipment.

Notices went out on Wednesday, last week, in regards your grade’s hamper theme and for class stall volunteers. If you have any queries, contact your stall co-ordinator. Please return the tear off slip to your class teacher by 4th March, listing your availability to help.

**Calls for School Council Vacancies and Elections 2013 Closes Thursday 28th February**

A reminder that each year approximately half the members on school council face election as part of a process to ensure mentoring and renewal of this body. **Nomination forms may be obtained from the school office and must be lodged by 4 pm, today, Thursday 28th February.** The council members facing elections this year as their current terms have expired are: Parent members: Lucy Thornton, Ely Tapp, Maria Romnios, Melinda Story and Jenny Deeble (DEECD category).

Please refer to the Principal’s letter in the previous newsletter dated, 8th February on the School’s website for all details.

Sports news…

It’s been a great start to term one in sport. Already we have had the district Tennis championships and had three students make it through to the Regional competition to be held 25th March. GOOD LUCK to Flynn Read, Rhys Seakins and Hannah Tillermuir.

The District Swimming Championships were held last week and each of the 32 students who represented Wales Street put in a great effort. Well done to the whole team and good luck to the 19 students who will now go on to compete in the Divisional competition Tues 5th March at Northcote pool.

It’s also been great to see each of our inter-school sports teams have such a good start to the year! Well done to the softball, bat tennis, rounders and cricket teams and their coaches!

IMPORTANT NOTE: the Divisional swimming championships will now start at 9.30am, NOT 10am as previously stated. Students will leave for the pool at 9am, please be on time to ensure no one misses their event.

Education Maintenance Allowance 2013
Applications Close 28/2/13 for Instalment One

In 2013 the annual EMA payment for families with children in primary school (years 1-6) will receive a payment of $150. The School Start Bonus which was previously received by EMA families has been discontinued as a separate payment from 2013. However, additional funding has been incorporated into the EMA meaning that parents of children in Prep will receive boosted EMA payments of $200.

New EMA payment option
From 2013, on the EMA application form you can choose to have your EMA payment:
• Paid by direct deposit (Electronic Funds Transfer) into your nominated bank account or
• Paid by cheque which will be posted to the school for collection or
• Paid to the school to be held as credit which you can use towards education expenses

The introduction of the new payment option to have the EMA payment directed to the school provides parents with extra flexibility to assist with budgeting towards education expenses.

Eligibility:
To be eligible for the EMA in 2013, you must:
_ be either a parent or guardian of a primary or secondary school student up to the age of sixteen; and
_ be an eligible beneficiary of a Centrelink pension, allowance or benefit within the meaning of the State Concessions Act 2004* or be a Veterans Affairs (TPI) pensioner or be a temporary foster parent.

The eligibility criteria must be met as at 29 January 2013 (Instalment One) and 15 July 2013 (Instalment Two).

Payment Amounts - 2013:
Prep: Instalment One $140, Instalment Two $60 Annual Total $200.
Years 1 – 6: Instalment One $105, Instalment Two $45, Annual Total $150
School Aged Care

PREP TRANSITION

Commencing from Monday 4th March the prep children who attend Before Care will commence to make their own way to their class in the morning when they are released from the program at 8.45am.

Staff will “buddy” prep children with older children to assist them in the school ground and then accompany them to the “line-up” area when the bell rings at 9.00am.

Prep children attending the “After Care Program” will also commence making their own way at approximately at 3.25pm to the program each day. The children will walk with other children in their classroom groups together.

The Prep teachers have a list of all children who have a permanent booking and will instruct these children to make their way to the After Care building.

Parents of Prep children who have permanent bookings and may need to cancel, swap or require an extra day for After Care need to let their child’s teacher know of the booking changes, so that their teachers know whether to send them to Aftercare or not.

This also applies to families who have “casual bookings”

Can I ask parents/guardians/carers to please remind their children daily that they are booked to come to After Care.

BOOKINGS

To ensure adequate supervision is provided and determine if additional supervision/staffing is needed and ratios are maintained, it is important for families to book child/ren either on a Permanent or Casual basis.

CANCELLATION

It is important that families, who have booked their child/ren in to attend the program and need to cancel the session, notify SAC of the cancellation. If you have booked your child into a session and there is a change in plans you MUST NOTIFY THE SERVICE OF THE CHANGE. As long as we have the cancellation for After Care by 2.30pm on the day care is required, then families will not incur a “non-cancellation fee”

Failure to inform staff when your child will not be attending a session can cause inconvenience and concern when the whereabouts of a child is not immediately known, often necessitating in several phone calls, thus taking time away from the program.

Booking and cancellations can be made by leaving a voice message on 9480 3896 or email oshc.wales.stree.ps@edumail.vic.gov.au

Hello Everyone,

I subscribe to a Nursing Education site called Ausmed Education. This subscription provides interesting and instructive Nursing Information on a variety of subjects. Today I thought I might point to a paper written by Adam Ingliss/Feb 13, 2013:- Dental experts want warnings on soft-drinks. This is the basic premise:-

"Researchers from the University of Adelaide say soft-drink health warnings need to include advice on the potential risk of tooth decay, according to a new study published recently in the American Journal of Public Health. The study looked at consumption variables of sweet drinks and fluoridated water amongst more than 16 500 Australian children between 5 and 16 years enrolled in Australian school dental services.

Dental staff assessed the children’s teeth while parents completed a questionnaire about residential history, sources of drinking water, tooth brushing frequency, socioeconomic status and sugar-sweetened beverage consumption.

Some of the findings:
• 56% consumed at last one sugar-sweetened drink a day and 13% consumed three or more.
• Children who drank three or more sugary drinks per day had 46% more decayed, missing and filed baby teeth.
• Children who brushed their teeth less often and were: older, male and from low income families.
• Children from rural or remote areas consumed significantly more sugar-sweetened drinks than their urban counterparts.
• Children from the lowest income families drank nearly 60% more sugar-sweetened drinks.
• Tooth decay was significantly linked with higher consumption rates of sugar-sweetened drinks.
• High exposure to fluoridated water significantly reduced the correlation between sugar-sweetened drinks and tooth decay, reconfirming the benefits of community water fluoridation for oral health.

In an article published by The Conversation, Professor Mike Morgan, program leader of the Oral Health CRC at University of Melbourne said, “unfortunately those with high risk to dental disease – including those who consume cheap decay causing diets – tend also to be those less able to access appropriate oral healthcare.” Professor Morgan supports a call for health warnings on food and beverages pointing to the importance of legislative means for societal harm reduction in public health approaches, giving plain packaging of cigarettes as an example.

“Dental disease is expensive to treat in Australia and causes considerable pain and suffering. The more we can do to reduce both the impact of the diseases and the inequities in health the better”, he said.

There is nothing good about soft drinks is there? Those statistics are rather alarming! Dental treatment is costly and Yuk for some of us (totally!). I figure, just don’t have soft drink, full stop. There is absolutely nothing good about it. What do you think? A little bit sometimes? Or a total not? There’s food for thought. A great tooth brushing regime helps enormously to get those pearly whites happy. The Australian Dental Association has lots of information on teeth, here is a link to their facts site: - http://www.ada.org.au/faqs/faq,documentid,27150,category,Teeth_Cleaning.aspx.

How to Brush

1. Squeeze a pea-sized blob of toothpaste onto a soft-bristled brush.

2. Brush gently using circular motions. If you brush too hard it can harm your gums.

3. Brush all the surfaces of your teeth paying special attention to where the tooth meets the gum. This is where plaque builds up.

4. Remember to brush behind your front teeth using the tip of the toothbrush.

5. Keep brushing for at least two minutes and do this morning and night.

Did you know that it takes two to three minutes to brush your teeth properly but most people only spend 30 seconds or less?

Beads Needed for the Craft Cave

beads-- any and all kinds. Please leave your donations in the fete collection boxes.

The Craft Cave this year will be buzzing with the ever popular sand art, beading necklaces and bracelets, painting your own shopping/book bag or just painting for fun.

We will also be weaving dream catchers. I ask for donations of beads, beads and more beads. Any style will do except the very small (where a needle is required to thread them).

We will use scoobies to thread through them. Thank you so much for your help. Judith
